He was accompanied by FSN American Corner Coordinator and outreach librarian Mirza Hasan. Mr. Harvey met with the host institute coordinator, Dr. Sufderul Huq, and other officials from the Independent University – Bangladesh (IUB). He then visited the American Corner Chittagong, located on the IUB campus and met the Corner coordinator Ms. Anwara Begum. Harvey looked at the various resources and wanted to know about the programs and the user's need in this corner.

Later in the afternoon, Harvey hosted a discussion about the upcoming U.S. elections and viewing of the OBS documentary "Vote for Me." Forty people attended the program which featured a lively discussion of the U.S. election process and the major Republican and Democratic candidates. The attendees highly appreciated the program and requested that the American Corner arrange more programs like this. Participants took away from this program a greater interest in the U.S. electoral system and the importance of democracy.
